

KEEP YOUR BOILERS OPERATING!

... AVAILABLE 24-HOURS A DAY FOR BOILER BREAKDOWNS ...

PWS Hunt Boilers' service departments currently employ over twenty service personnel available from three locations based in Brisbane, Melbourne, and Sydney.

Our Service Technicians are qualified in various ways appropriate to the task and comprise of fully licensed electricians, gas fitters, boilermakers, type A and type B plumbers, most with many years of boiler industry experience.

Our service vehicles are equipped with a stock of commonly used spare parts and the necessary specialist tools to carry out effective preventative planned boiler maintenance and attend to breakdowns. In addition, stock of many of the more substantial commonly used spare parts are also warehoused at each PWS location.

Our service departments are also supported by highly experienced staff, and we believe that there are very few boiler problems that we cannot efficiently resolve.
